

**Recommendations for Municipal Code Updates to  
Improve Stormwater Management in Town of Longmeadow  
December 2022**

PVPC staff completed this work in close consultation with the Town of Longmeadow's Assistant Town Administrator and Town Engineer from July 1 to November 30, 2022. Following is the list of deliverables under this project work.

1. General Bylaws, Article 6, Chapter 600 – Recommendations for Illicit Discharge Detection and Elimination
2. General Bylaws – Article 6, Chapter 800 – Recommendations for General Stormwater Management (combining elements of Chapters 700 into 800)  
*Chapter 700 can now be discontinued*
  - 2a. Rules and Regulations for Stormwater Management and Land Disturbance Permit – Recommended Language
    - Low Impact Development Checklist (for use in pre-application review meeting under Section 10A)
3. General Bylaws – Article 2, Chapter 700 – Recommended reference in local wetlands bylaw to Chapter 800 on stormwater management
4. Zoning Bylaws – Recommendations
5. Subdivision Rules and Regulations – Recommendations
6. Street Design and Green Infrastructure Code Review Checklist with notes from Longmeadow Project Advisory Group meetings
